DETAILED ACTION

Request for Continued Examination

1. The request for continued examination (RCE) under 37 C.F.R. §1.114 is acceptable. An action on the RCE follows.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 6 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The instant claims are not further limiting since the 0.5 to 10 mol% halogenated aluminoxane is a partially halogenated aluminoxane.

Allowable Subject Matter

5. Applicants are respectfully requested to file a Declaration regarding the experimental data disclosed in Exhibit B as shown in the response of May 1, 2006. Once the Declaration is properly filed, the subject matter of the instant claims will be deemed to novel because applicants have shown that the halogenated aluminoxane prepared by the process of the instant claims are different from Kioka's halogenated aluminoxanes which are prepared by a materially different process.
